

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

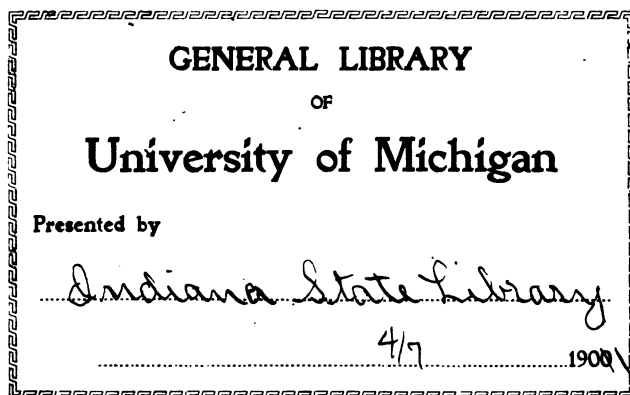

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

BIENNIAL REPORT OF DEPARTMENT OF STATE.

STATE OF INDIANA, }
OFFICE OF THE SECRETARY OF STATE. }

HON. JAMES A. MOUNT, *Governor*:

Sir:—I have the honor to submit herewith the biennial report of this office for the fiscal term ending October 31, 1900, and I desire to call your attention to the fact that the business and income of the office have been materially increased.

The period beginning November 1, 1898, and ending January 16, 1899, inclusive (seventy-seven days), was filled by my predecessor in office, Hon. William D. Owen.

The following is a summary of the fees received by him during this period as shown by his report on file in the office of the Treasurer of State:

FEES.

Collected by William D. Owen, Secretary of State, from November 1, 1898, to January 16, 1899, inclusive, from sources as follows:

Corporation fees	\$4,967 00
Miscellaneous (commissions to notaries, justices, etc.).....	1,442 95
Total	<u>\$6,409 95</u>

FEES.

Collected by Union B. Hunt, Secretary of State, from January 17, 1899, to October 31, 1900, inclusive, from sources as follows:

Corporations	\$123,626 50
Miscellaneous (commissions to notaries, justices, etc.).....	7,118 40
Total	<u>\$130,744 90</u>

GRAND TOTAL OF FEES COLLECTED.

For the two years ending October 31, 1900, from sources as follows:

Corporations	\$128,593 50
Miscellaneous	8,561 35
Total	<u>\$137,154 85</u>

These items do not include the amount of money received from the sale by this office of the Indiana Supreme and Appellate Court reports. This will be reported to the Sixty-second General Assembly, as required by law.

INCREASE OF FEES.

It will be observed that there has been a large increase in fees of all kinds collected in the past two years as compared with the preceding two years.

The net amount of fees collected for the two years ending October 31, 1900, was.....	\$137,154 85
Entire collection of fees for the two years ending October 31, 1898	54,326 30
Showing an increase in fees in the last two years of.....	<u>\$82,828 55</u>

It is pleasing to note the handsome revenue which the office of the Secretary of State brings to the State Treasury.

It will be observed that during the two years ending October 31, 1900, the fees earned and collected have been sufficient to pay the salary of the Secretary and the salary of his whole office force, together with all the direct expenses of the office, distribution of court reports, public documents, etc., and still leave a surplus of \$114,504.85.

While this is a very gratifying showing, the fees of this office could still be materially increased by the enactment of a law requiring foreign corporations to pay incorporation fees and taxes upon the amount of capital represented by their business in this State. Under the law now in force in this State, concerning foreign corporations, parties desiring to do business in Indiana may procure articles of incorporation in another State, and under the same proceed to do business in Indiana; or being incorporated in

7

another State, come here and do business as a corporation by simply filing with the county clerk of some county within the State a written appointment of some person to act as agent of such corporation with the consent that service upon such person shall be deemed sufficient to bind the corporation, thus evading the payment of such fees to the State of Indiana as domestic corporations organized under the laws of this State are required to pay.

Two years ago there was prepared in this office a bill that was thought to meet these requirements, but owing to the lateness of the session when it was presented and the fact that its provisions were not generally understood by the members of the last General Assembly, no action was taken thereon. However, since that time the matter has been discussed with many members of the next General Assembly, with the assurance that such a bill will receive favorable attention at their hands. The same bill has again been prepared in this office and will be taken up early in the next session. The bill provides, among other things, that:

“Every company incorporated for purposes of gain under the laws of any other State, territory or country, now or hereafter doing business within this State, shall file in the office of the Secretary of State a certified copy of its articles of incorporation, and with the said articles a statement duly sworn to of the proportion of its capital stock represented by its property located and business transacted in Indiana, and pay into the office of the Secretary of State, upon the proportion of its capital stock represented by its property and business in Indiana incorporation taxes and fees equal to those required of similar corporations formed within and under the laws of this State.”

The State of Illinois has a similar law enacted by the General Assembly thereof in 1897, and in the first fourteen months of its existence foreign corporations paid into the treasury of the State of Illinois \$70,233.15, and it is reasonable to believe that a similar law in force in this State would increase the revenues of the State \$50,000 annually at a probable increase in the annual appropriations for clerical hire for this office of \$2,500.

I would also recommend that the Secretary of State be given larger discretionary powers in the matter of determining the legal status of associations offering their articles for recording in this office and their application for certificates of incorporation author-

izing them to transact business under the laws of the State. This office has in the past two years arbitrarily refused to charter associations that appeared to be fraudulent upon the face of their articles, and, while the proposed incorporators have threatened to bring mandatory proceedings, to this date no suits have been brought.

The tedious delay in the matter of the claim of the State of Indiana against the Chicago & Eastern Illinois Railroad Company, because of the enormous amount of business accumulated in the office of the Attorney-General of the State should suggest legislation that would enable the Secretary of State to take the initiative and prosecute suits at law wherein matters pertaining to his office are concerned.

There is also a demand for legislation requiring the filing of an annual report to this office by all corporations organized under the general corporation laws of the State, showing the condition of the business of said corporation on the 31st day of December of each year, the names of its officers, the names of the members of its board of directors and its general office address for the incoming year, and to more clearly define their exact status, and I herewith submit a recommendation of my predecessor, the Hon. William D. Owen, on that point, and give to it my earnest approval:

"The statute provides that corporations expiring by limitation, forfeiture or otherwise, shall be continued bodies corporate for three years after they have been dissolved, for the purpose of winding up their affairs, but not for the continuance of corporate business. Frequent confusion arises where corporations have ceased to operate for the purpose for which they were organized, and yet have not filed in this office a declaration of dissolution. Corporations which have fallen into disuse ought to have their exact status defined, and probably there is no better way than for the law to declare a dissolution after a certain time of disuse. I therefore suggest that the law be amended so as to declare the dissolution of a corporation three years after it ceases practically to operate its corporate functions."

There will be found in this report a tabulated statement of the vote of the State at the November election 1900, which includes the vote cast for State officers, congressmen, members of the legislature, judges and prosecuting attorneys. Report has also been

made on incorporations, commissions issued, executive appointments, pardons, remissions, requisitions, warrants and proclamations.

The vote of the State by precincts will be published later.

I also submit herewith the report of Mr. Thomas J. Carter, Clerk of the Bureau of Public Printing, Binding and Stationery. This report gives evidence of careful and thorough preparation and of the business-like and economical manner in which this department has been administered. Mr. Carter is a competent and painstaking official, and his work has resulted in a material saving to the State.

Respectfully submitted,

UNION B. HUNT,
Secretary of State.

° For the facts concerning Clark and Dearborn counties, I am unable to find legislative authority. I have taken what is indicated from Z. T. Emerson, in History of Knox County, page 148.

† In addition to the facts from Z. T. Emerson, in History of Knox County, page 148, I have used a date found upon a map of Knox County, prepared by Samuel Morrison in October, 1876, and now in the State Library. Inferring from later legislation, the actual boundary of Knox County seems to have been on the north, the present north lines of the following counties: Parke, Putnam, Monroe, Jackson, Jennings, Fayette and Union, including part of Wayne.

Every bill shall be read by sections, on three several days in each House; unless, in case of emergency, two-thirds of the House where such bill may be depending shall, by a vote of yeas and nays, deem it expedient to dispense with this rule; but the reading of a bill by sections, on its final passage, shall in no case be dispensed with; and the vote on the passage of every bill or joint resolution shall be taken by yeas and nays.

SEC. 19. Every act shall embrace but one subject, and matters properly connected therewith; which subject shall be expressed in the title. But if any subject shall be embraced in an act, which shall not be expressed in the title, such act shall be void only as to so much thereof as shall not be expressed in the title.

STATE PRINTING AWARDED.

*Statement Showing Proceedings of the Board of Public Printing,
Binding and Stationery in Awarding the Present
State Printing Contract.*

At a meeting of the Board of Public Printing, Binding and Stationery, held on the 26th day of September, 1899, the specifications and notice asking for bids on the State printing, etc., for two years, was approved.

The following is the notice, which was ordered sent at once for publication (two insertions) to the Indianapolis Journal, Sentinel, News and Sun :

NOTICE.

BUREAU OF PUBLIC PRINTING, BINDING AND STATIONERY, }
INDIANAPOLIS, September 26, 1899.

To Printers, Book-Binders and Stationers:

The Board of Commissioners of Public Printing, Binding and Stationery will, in accordance with an act of the General Assembly, approved April 13, 1885, receive sealed proposals on the 30th day of October, 1899, between the hours of 11 A. M. and noon of that day, for doing the public printing and binding and furnishing the stationery for the use of the State of Indiana, for a term of two years, commencing on the 12th day of November, 1899.

At the same time and in the same manner the Board will also receive separate bids for the printing and binding of the Supreme and Appellate Court Reports, in accordance with the law authorizing the publication of same.

All bids must be signed by parties proposing to do the work, and securely sealed. Bidders, or their representatives, must accompany same with such bonds and samples as are hereinafter named. Bidders must bid on all items in the proposals, and make extensions of prices, and place the totals at the bottom of each of the classes. In no case will bids be considered unless these requirements are complied with.

At the hour of 12 o'clock noon on the 30th day of October, 1899, the sealed proposals will be opened, and as soon thereafter as the bids and samples can be properly examined and classified the contracts will be awarded to the lowest and best bidder, or bidders, according to law, the Board, however, reserving the right to reject any or all bids submitted.

The work on the general printing, binding and stationery will be let as a whole to the lowest and best bidder in the aggregate, no division of classes being allowed, divided into three classes, as specified by law, as follows:

The first class shall comprise the laws, journals, reports of officers and public institutions, and all book and pamphlet work to be printed on book paper.

The second class shall comprise all legislative bills, commissions, letter heads, circulars, blanks and other work usually executed on writing paper, and all articles of stationery.

The second class shall also include the printing and blocking of all the State election ballots provided by the general election law, passed by the Fifty-second session and subsequent sessions of the General Assembly of the State of Indiana, and all printing and stationery that may be required in the preparation and sending out of the State election ballots. All of which shall be prescribed and subject to the approval of the State Board of Election Commissioners.

The third class shall comprise the folding, stitching, covering and binding, and all work belonging to the binding business.

The contract for printing and binding the Supreme and Appellate Court Reports will be let as a whole to the lowest and best bidder, according to law, the Board reserving the right to reject any or all bids submitted.

Bidders will be required to furnish separate bonds in the sum of \$25,000 for the general printing, binding and stationery, and \$10,000 for the Supreme and Appellate Court Reports, with approved security, at the time of submitting bids, for the faithful performance of all work in accordance with the specifications hereinafter named, and that in every instance the paper and material furnished shall be in weight, color and quality the same as called for in the specifications.

The contractor or contractors shall maintain an office in the city of Indianapolis for the transaction of all business under said contracts, and must agree to maintain an office of sufficient capacity to do the work of the State speedily and without unnecessary delay, and all work under said contracts shall be performed within the State of Indiana.

Any bidder or bidders who shall be awarded these contracts shall not assign or sub let the same, or any portion thereof, without the written consent of the Board of Public Printing.

The Board has made a basis upon which bids are asked solely for the purpose of securing uniformity of bids, but will not be governed by this basis alone in awarding the contracts. Given in the specifications is a statement from the Clerk of the Board showing approximately the quantity of articles used the past two years on which bids are asked, which will assist the Board in determining which, if any, of the bids submitted are the best for the State.

Thos. J. Carter, Clerk of the Board, will furnish, upon application, blank bonds, specifications and full particulars regarding the work.

On the 30th day of October, 1899, in response to the above notice, the following bids were received:

Wm. B. Burford, Sentinel Printing Company, Levey Bros. & Co., and Baker & Thornton, general printing, binding and stationery and Supreme and Appellate Court Reports; Reporter Publishing Company and Wilson & Humphreys, Supreme and Appellate Court Reports.

The several bids were then opened in the presence of the bidders, and properly signed by each member of the Board and its Clerk.

After the bonds required to be given had been carefully examined by the Board and Attorney-General, and found to be all right, the Board then announced to the bidders present that it would go into executive session for the purpose of considering the several bids.

After making a careful examination of the bids, it was unanimously agreed by the Board that in order to ascertain which would be the cheapest and best bids for the State, it would be necessary to have the Clerk of the Board make extensions of prices based upon the actual amount of material used the previous two years, as shown by the Clerk's statement in the specifications, and that as soon as said extensions had been completed the contracts would be awarded to the lowest bidders as shown by such extensions.

At a meeting of the Board, held on the 8th day of November, 1899, the Clerk reported that he had carefully gone over the several bids, and had carried out the extensions as instructed by the Board, with the following result:

Wm. B. Burford being the lowest and best bidder on the general printing, binding and stationery, he was awarded the contract for this work for two years, beginning with the 12th day of November, 1899.

Levey Bros. & Co. being the lowest and best bidders on the Supreme and Appellate Court Reports, they were awarded the contract for this work for two years, beginning with the 12th day of November, 1899.

The several bidders having been previously notified to be present, the result of the Board's action was then announced. The Board further announced that the bids and Clerk's footings were now open for inspection, and that they were at liberty to examine them any time they so desired.

The bids submitted show little or no disposition on the part of bidders to attempt to take advantage of the State by bidding very high on certain articles and very low on others.

The successful bid for the general printing, binding and stationery is probably 10 per cent. higher than the former contract for the same class of work, but taking into consideration the increase in the cost of labor and all kinds of material used in executing this work, which has advanced as a whole from 15 to 25 per cent., the State has received a very satisfactory contract.

This advance in the cost of material and labor would apply to the Supreme and Appellate Court Reports, yet the successful bid for this work is about 5 per cent. lower than the former contract for the same class of work.

Taking these contracts as a whole, and considering the advance in the cost of labor and material, they are probably the lowest and best contracts the State has ever received for its printing.

CONTRACTS AND BONDS.

The following contracts were entered into by the State of Indiana, through the Board of Public Printing, Binding and Stationery, and Wm. B. Burford, the successful bidder for the general printing, binding and stationery, and Levey Bros. & Co., successful bidders for Supreme and Appellate Court Reports.

CONTRACT AND BOND OF WM. B. BURFORD.

THIS AGREEMENT, made and entered into this eighth day of November, 1899, between the State of Indiana, by the Hon. James A. Mount, Governor, Hon. Union B. Hunt, Secretary of State, and Hon. Wm. H. Hart, Auditor of State, these being the Board of Commissioners of the Bureau of Public Printing, Binding and Stationery, of the first part, and Wm. B. Burford, of Indianapolis, Indiana, of the second part:

WITNESSETH, That the said party of the first part, after full examination and comparison of bids made by the party of the second part, and other like responsible bidders, to do the printing, binding, lithographing and furnishing the stationery for the State offices and the public institutions of the State, and for legislative purposes, for two (2) years from the twelfth day of November, 1899, according to the specifications hereto attached and made a part of this contract, has found the proposition of said party of the second part, to do the printing, binding, lithographing and furnishing the stationery, as specified in said specifications, to be, in the aggregate, lower than that of any of the said other bidders, and does now annex the same to this agreement and accept the same.

The said party of the second part therefore agrees to promptly and faithfully provide the material and execute the work in the annexed proposal and furnish the stationery for the time mentioned therein at the prices therein above named, speedily and without unnecessary delay, and all of said material and work shall be subject to the inspection of the Clerk in charge of the Bureau of Printing, Binding and Stationery, in the said annexed proposal for the time mentioned therein, at the prices therein above named, speedily and without unnecessary delay.

It is also agreed by the party of the second part that said party of the first part can order such printing, binding, lithographing and stationery at such times and in such quantities as may, in their judgment, be required by the State offices, public institutions and for legislative purposes; and any and all articles that may be required or work to be performed, not embraced by the lists, specifications and schedule, hereto attached, shall not be done or performed unless first ordered by the Board, and the price therefor first ascertained and agreed upon by the parties hereto.

The said party of the first part, in consideration of the faithful execution of the foregoing stipulations by the said party of the second part, and the rendering of full and detailed bills, for the work done, and the material and articles furnished, when completed and delivered, agree that they will cause the amount thereof to be audited and paid out of the Treasury of the State of Indiana, in the manner

provided by the law; and that they will not audit any bills for purchases of blank books, printing, binding, lithographing or stationery made by any other person or persons other than the said contractor; and should the party of the second part neglect or refuse to carry out any of the provisions of this contract, the party of the first part shall have the privilege, in connection with their other rights, immediately to cancel their contract.

IN WITNESS WHEREOF, The said party of the first part has caused this instrument to be signed by the Board of Commissioners of Public Printing, Binding and Stationery, and the said party of the second part have hereto set their hands and seals this 8th day of November, 1899.

The following is a copy of the specifications submitted to bidders asking for bids on the present printing contracts, including price-list of successful bidders:

SPECIFICATIONS.

GENERAL PRINTING, BINDING AND STATIONERY.

The specifications call for the printing and binding of the reports of the officers of State, public institutions, documentary journals annually, the acts of the General Assembly, the House and Senate journals, all miscellaneous pamphlets and printing, and furnishing all stationery, blanks, etc., that may be needed by the different departments for the public service and the General Assembly, including all printing, stationery and binding ordered by the State Board of Election Commissioners, and which are paid for out of the treasury of State, for two years from the 12th day of November, 1899.

The work to be done above named will be divided into three classes, as follows:

FIRST CLASS.

All the book and cover paper used in printing the reports, acts, journals, and all classes of pamphlet or book printing that may be required for the use of the State, shall be the best on the market, of the quality named in the specifications, and the contract shall be per pound for the amount used, no allowance being made for waste, handling, freight or otherwise. The weight of book and cover paper will be determined by comparison with samples furnished, on basis of 25x38 book and 20x25 cover, and all weights must be furnished at the same price per pound as that bid on in specifications.

In the printing of reports and all classes of printing requiring the use of book or cover paper, contractor will be required to consult the Board or its Clerk as to the size and weight of paper to be used.

The composition shall be bid for by the 1,000 ems, actual measure in the book, no blank pages or other unreal charge to be allowed, divided into two classes, as follows: Plain matter, and rule and figure work. Rule and figure work shall consist of three or more justifications of words or figures with rules, or four or more justifications of words or figures without rules, to be measured as plain matter, one measure, as bid on per 1,000 ems, rule and figure work, in accordance with sizes of type used. All composition not classified as rule and figure work, including institutional vouchers, shall be measured as plain matter, one measure, as bid on per 1,000 ems, plain matter, in accordance with sizes of type used.

The price bid on per 1,000 ems shall include the cost of making up pages, locking up forms, and delivering the same to press.

The type used in printing the reports, acts, journals, and all classes of pamphlet or book printing, shall be modern face, unless otherwise ordered, and make a clear, neat appearance, and the spacing between words, etc., shall be the same as is done on all first-class bookwork.

In spacing between the lines in all book composition, only six-to-pica leads will be allowed, unless otherwise ordered. In no case will contractor be allowed extra pay for setting matter "solid."

In making up type pages only such spacing as is necessary to make neat appearance of page will be allowed, and under no circumstances will contractor be allowed to use wide spacing in order to increase the number of pages.

The presswork shall be bid on by the 100 impressions, 16 pages to form, including make-ready and ink. All forms of a less number of impressions to be paid for as a full 100.

The price bid for presswork shall be to do first-class work and furnish the best quality of ink.

SECOND CLASS.

This class will include the furnishing of all blanks, both printed and ruled and printed, including legislative bills, to be bid for at so much for the first 100 and so much for each additional 100 copies, of the weights and sizes of paper specified; the manufacturing of all blank books, both plain and printed, at so much per quire, including paging, indexing and binding, of the kind of binding and weights and sizes of paper specified; all description of lithographic work; embossed letter heads and envelopes; printed letter and note heads; miscellaneous printing, paper, etc., and the furnishing of all description of stationery, such as inks, inkstands, lead pencils, pens, penholders, etc.

All propositions in this class call for first-class work and material on all description of printing and lithographic work, and the best quality of paper, of the kind, size and weight specified. The stationery calls for the best in use, and must be of the kind and quality specified.

In the furnishing of all description of blanks, blank books, and all kinds of writing and other paper named, the contractor must conform to the sizes and weights mentioned in specifications, unless otherwise ordered.

THIRD CLASS.

This class will include the binding of books in leather, cloth and paste-board, and pamphlets, etc., with paper covers, and the tipping in of signatures, plates and maps, as follows:

All books bound in leather, cloth or paste-board shall be bid for at so much per one hundred signatures of sixteen pages each for folding, gathering and sewing, complete, and so much apiece for covers, including the cost of all material used, lettering of title in any style, and all work necessary to complete book. Binding to be of best material and first-class workmanship, and to be counted by the number of copies actually delivered. All books bound in paste-board shall be sheep backs and paste-board sides. In no case will wire stitching be allowed on books bound in cloth, sheep or boards.

All pamphlets, etc., with paper covers, shall be bid for by the 100 signatures, including all handling, assorting, folding, wire stitching, trimming and putting on cover in a good workman-like manner. All signatures of a less number will be paid for as a full hundred signatures.

The tipping in of signatures, plates or maps shall be bid for by the 100 signatures, plates or maps, including folding, stitching and trimming.

Specifications call for best binding and most approved material now in general use.

The Board reserves the right to reduce or increase the number of copies of all publications, and to order any report or pamphlet bound in any manner specified in this class.

Samples of binding and full information will be furnished upon application to the Clerk of the Board.

LEGISLATIVE WORK.

All bids shall be to include all the printing, binding and stationery of the General Assembly at the same prices and under the same conditions as supplies named in the specifications.

All orders for supplies for the General Assembly must be made upon the Board in the same manner as required in ordering for State offices and institutions, and all requisitions made out by the Clerk of the Board, and all bills shall be by him certified as correct according to contract.

All supplies for the General Assembly shall first pass the inspection of the Clerk of the Board before the same is delivered to the House and Senate, and by him certified as proper correct according to order.

GENERAL REQUIREMENTS.

All work bid on shall be to deliver the same to the State House free of charge in all cases.

All articles furnished under this contract must be of the most improved material now in use in every respect.

All articles furnished or work done, not enumerated in specifications, must be furnished in the most economical manner practicable, and at prices not to exceed the regular market prices for articles furnished or work done.

The contractor must at all times be able to furnish the exact quality of supplies named in specifications, but if by mutual agreement between party ordering and contractor any different kind is substituted, the quality and price shall not exceed that named for similar articles or articles in specifications.

In accepting the contract for general printing, binding and stationery, the contractor will be required to do the work promptly and without unnecessary delay, in a good, workman-like manner. If at any time the said contractor fails to do the work authorized by the State within a reasonable length of time, the Board reserves the right to order the work done elsewhere and have the bill sent to the contractor, who shall make out his bill to the State for the work done at the contract price and no more.

Proofs and revises of all descriptions of printing shall be furnished and delivered without charge to the State.

All charges of time for changes from original copy, after type is set, shall be certified to as having been ordered by the officers making such changes, and must be accompanied by an affidavit from the contractor, or his agent, certifying that such charge is just and proper.

All bids shall be to furnish the exact amount of printing, stationery and binding ordered, and at prices bid on in specifications. In no case will contractor be allowed to charge for more than the exact amount of any article ordered.

All orders for supplies must be made upon the Board, whereupon the Clerk of the Board will make out requisitions for supplies required to be furnished through the contractor; and in no case will the contractor be allowed to fill an order for supplies for the State without having first obtained a requisition for the same from this Board.

All requisitions and bills shall contain the size, name and quality of paper used, and full name and number of article of stationery ordered. In no case will the Board entertain any requisition or bill made out with lead pencil.

The printed copies of the session's laws of the General Assembly required by law must be delivered to the Secretary of State within forty days from the date on which last copy shall be furnished the contractor by the Secretary of State.

The following list of samples must accompany each bid for the general printing, binding and stationery, properly labeled as to size, weight and quality, and must be whole sheets of the size, weight and quality specified:

Whole sheets, 25x38, 50, 60 and 80-lb. white, and 60 and 80-lb. tinted, S. and S. C., and 60 and 80-lb. antique finish book paper, as bid on in item 1.

CLERK'S STATEMENT TO BOARD.

BUREAU OF PUBLIC PRINTING, BINDING AND STATIONERY,
INDIANAPOLIS, September 26, 1899. }

To the Board of Commissioners of the Bureau of Public Printing,

Binding and Stationery:

GENTLEMEN—I herewith submit a statement showing, approximately, the principal transactions of the State with the contractors for the general printing, binding and stationery for State offices, institutions and General Assembly, and Supreme and Appellate Court Reports, from November 12, 1897, to July 26, 1899, as shown by the records of bills.

In submitting this statement I have endeavored to give a list as nearly accurate as possible, showing the quantity of articles ordered during the time indicated on which the Board is asking for bids. There are a few items given in this

statement, indicated with a star, which do not appear on the records, the most important of which is the binding of the House and Senate Journals, which are now in the hands of the printer, and as they are among the list of the biennial reports, should be included. The other items indicated are likely to be ordered during the next two years.

I have made no list showing the number of miscellaneous pamphlets, etc., printed, as they vary so much in size and quantity, and would probably be of little or no assistance to bidders. I have samples of practically all the printing done for the State the past two years, which can be seen by bidders at any time.

There will be printed annually the reports of Treasurer of State, State Board of Tax Commissioners, State Board of Health, Auditor of State, State Board of Agriculture, Hospital for Insane, Institute for Blind, Institute for Deaf and Dumb, Reform School for Boys, Industrial School for Girls and Woman's Prison, School for Feeble-Minded Youth, Soldiers' Orphans' Home, Documentary Journal, Indiana Academy of Science, and the Catalogues for State Normal School, State University and Purdue University.

There will be printed biennially the Acts of the Legislature, House and Senate Journals, the reports of Secretary of State, Attorney-General, Adjutant-General, State Librarian, State Geologist, Bureau of Statistics, Indiana Reformatory, State Prison, Horticultural Society, State University, Superintendent of Public Instruction, State Normal School, Purdue University, Fish Commissioner and Board of Regents.

The following is an approximate list of articles ordered during the period indicated above:
